The club told Barking council that they would be interested in a peppercorn lease, but were for the report on the subsidence. Also a check on Electric and Water prices. The green lease has a get out period of one month, but the club would not be interested in the second green. A lease would help with trying to get funding. A lawn report was done and reported no change with the last report done. Dave Jarrold would talk to other clubs about their greens. It was agreed Dave would speak to Elm the way he explained to the committee. After the meeting with Elm it was agreed to have a discussion in future workings of the green. A date to be arranged.
